Stunning Prints on Aluminum

MetalPrints are a revolutionary art medium for preserving photos by infusing dyes directly into specially coated aluminum sheets. Because the image is infused into the surface and not on it, your images will take on an almost magical luminescence. The ultra-hard scratch-resistant surface is waterproof/weatherproof and can be cleaned easily. MetalPrints take on greater durability outdoors and in direct sunlight with our Performance EXT Metal option.

Sizes: Any Size From 2x3½" to 48x96", Including Custom Sizes

Surfaces: High Gloss, Mid-Gloss, Satin, Sheer Glossy, Sheer Satin, Textured, Performance EXT High Gloss, Performance EXT Sheer Glossy, and Performance EXT Satin

Corner Treatments: Sharp Square, 1/8" Rounded, 3/16" Rounded, or Scalloped

Wall Display Options: Float Mount Hanger, Custom Framing, Exhibit Mount, Acrylic Face, Stainless Posts, Wall Clusters and Splits, and More

Table Display Options: Metal Easel Back, Wood Easel, Bamboo Stand, or Acrylic Stand

Estimated Production Time: 2-3 Business Days (Add 2-3 Days for Framing)

Benefits of MetalPrints

With our minds on cleanliness, we've been more tuned in to the hygienic properties of our print products than usual. Enter, MetalPrints – the most germ-resistant of them all! MetalPrint surfaces are crosslinked in nature, meaning there are no open or closed pores, so you can easily and thoroughly clean them with a variety of cleaners and disinfecting chemicals.

Unique ability to be cleaned and disinfected, MetalPrints offer protection from:

Surface Options

High Gloss

Brilliant white high gloss surface for unsurpassed detail and vibrance. Our most popular surface.

Mid-Gloss

Similar color intensity and detail as our High Gloss option, with reduced glare.

Satin

Smooth, very even and soft appearance with minimal glare.

Sheer Glossy

Metal shows through the image, giving our Sheer Surfaces a unique translucent luminescence.

Sheer Satin

Same as Sheer Glossy, but with a matte finish and minimal glare.

Textured

Non-reflective surface with a fine stippled texture for a softer, more organic look.

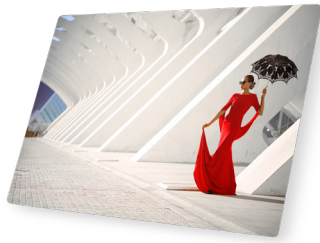

Performance EXT Metal

Performance EXT Metal is specially engineered for extended life in the elements! Perfect for use as outdoor art, photography, signage, and display. Performance EXT Metal will last 5+ years in direct sunlight without noticeable fading. Available with your choice of a High Gloss, or Sheer Glossy or Satin surface.

Anatomy of an Epic Print

Epic Prints consist of a fine art collector-level print on Fujiflex Crystal Archive Photographic Paper mounted on sturdy Aluminum Composite (ACM) which provides a sleek look and substantial feel. Finally, we add a thick High Gloss or Satin Finish to further bring out the epic qualities of the image. To take your image off the charts, we offer a Max HD 610dpi printing option, with more than 4x the resolution of a traditional Photographic Print.

Hanging Options

Inset Metal Frames

Inset Metal Frames are available in 3/4" or 1 1/4" depths. When hung with the included French Cleat Hanger or Wire Hanger, they appear to float off the wall for a light and modern look.

Optional Security T-Screw

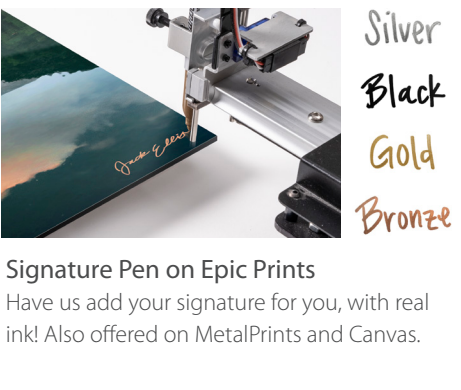

Attaches to the back of the frame with included wrench to secure prints in public areas (works with Cleat Hanger only).

Float Framed Epic Prints

Available with Wedge or Slim Float Frames in 14 styles.

Traditional Flat and Folding Cards

Available in a wide range of sizes and formats, including Flat, Single-Fold, Tri-Fold, Gate Fold, and Accordion Fold Cards. Choose from hundreds of professionally designed templates, or use your own artwork.

Creative Edge Die Cut Press Printed Cards

With 94+ styles and sizes to choose from, these striking die-cut shapes will give your Press Printed Cards the creative edge!

Foil Cards

Double-sided Foil Cards feature your choice of 24 stylish designs stamped in Silver, Copper, Gold, Red, Blue, Pink, or Iridescent Foil.

Optional 6 Color Printing

Standard process printing uses patterns of colored dots of varying sizes to trick the eye into seeing a continuous-tone image using only four ink colors: Cyan, Magenta, Yellow and Black. 6-Color Printing is an HP Indigo process that adds light Cyan and light Magenta inks. This smooths out the dot pattern and increases the depth of color.

12 Paper Surfaces

We have the perfect paper for your project! Options include Smooth with optional UV Coating, Eco "Green" Matte, Pearl Metallic with optional UV Coating, Art Linen, Eco "Green" Art Linen, Art Watercolor, Eco "Green" Art Stipple, Smooth 130lb with optional UV Coating, and 150lb Bamboo. We want your press printed items to look great but we also want to keep our environment looking great, so these papers include a number of papers which are created using recycled materials, responsible forestry, and wind-power!

12 Envelope Options

Envelopes are included with 4x5½", 5x5", and 5x7" cards. Upgrade to Watercolor, Shine, Natural, or Foil Lined Envelopes for an extra special touch. Return Address Imprinting and Labels are optional.
